ACTIVITIES

Projects I have worked on in **KAAAY LABS**:

- **Timesheet** – A product to maintain and track the workers activity and create reports
- **Limemedia** – Built a web application along with a mobile app and an application to run on android players, which enabled the client to advertise on trucks with screens attached to its body.
- **Fleeter** - Build a web application along with a mobile app (using capacitor js). Which a client can rent a construction machineries from suppliers
